

Space EDventure

THE GALAXY IS IN DESPERATE NEED OF A HERO.

A mysterious source of antimatter has been discovered at the center of the Milky Way, and it is rapidly expanding, destroying everything in its path.

One man has volunteered to investigate the anomaly. Take control of our hero—Ed, the carrier of hope—as he pilots his ship through dense asteroid fields.

Objective:

-Avoid colliding with asteroids

Controls:

-Joystick: Tap to move up one row, hold to move continuously
-Touch Sensor: Fire laser!

Mechanics:

-Laser destroys asteroids
-MAX ammo: 2
-Collect '+' 'O' '~' to restock types of laser ammo

Scoring:

-Survive longer to increase score!

Game Design:

Adam Wiktor, Tim Samuelson, Ethan Kurteff
